

Security Officer Awareness Training

November 9 & 10, 2021

Registration: 8:00 AM

Business Session: Day 1 & 2 8:30 AM - 3:00 PM

Marriott Prattville Hotel & Conference Center

Security has been a priority to the financial sector for years, However, with more crimes taking place, banks are now forced to safeguard people, data and assets within their organization. This training will address hot topics today that have impacted financial institutions internally and externally. Get the latest information to bring back to your organization for a fantastic training session!

Workplace Violence - this session will be very detailed (morning session) and includes the recent trends, profiles, security measures, and preventative training that should take place in all branches.

Bank Robbery - Newest Security Protocols - How has mask wearing changed how we prevent a bank robbery from taking place? We will review recent statistics, technology and recommendations that banks are following across the country.

Crime Prevention at your branch location - We will revisit the new techniques on how to complete a security assessment of your branch internally and externally.

Ransomware - This session will explore the ins and outs of this top cyber crime today. Newest detection methods and training will be discussed in length.

Cyber Security and the newest scams of 2021 - A complete review of the newest cyber scams in the recent year will be explored, along with new scams and tricks that customers are falling victim to.

Covid 19 Part 2 - and how banks have been impacted - This session will discuss some of the challenges banks have faced since Covid 19 started, including fraudulent activity, challenges for loans, insurance claims and safety precautions that have been addressed since it all started.

How Social Media has changed banking today - this is an updated version of a session we did years ago. How is social media helping/hurting the financial institutions today in 2021? This session will review the most recent trends of social media that apply to the workplace.

Fraud and more fraud - Keeping you up to date with the newest fraud scams, threats, statistics and cases in the financial institutions' world.
